

# Computer Organization and Architecture (CS2600 and CS2610)

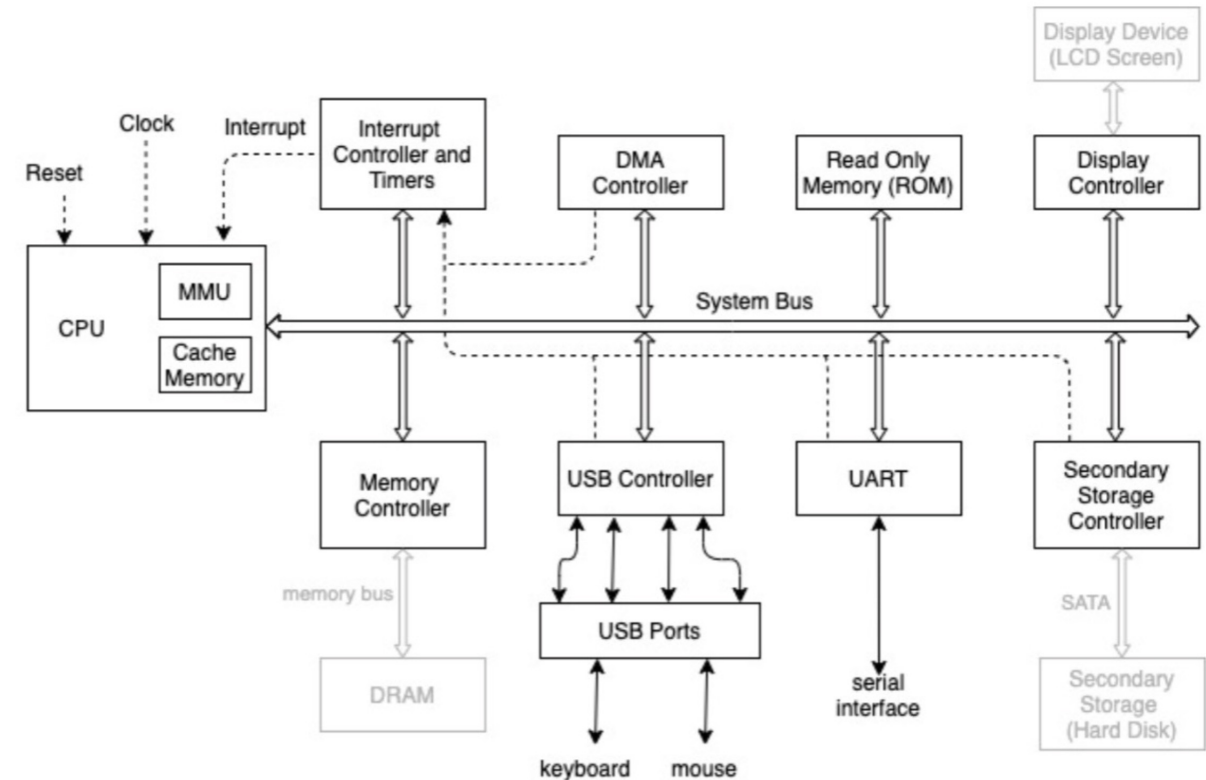

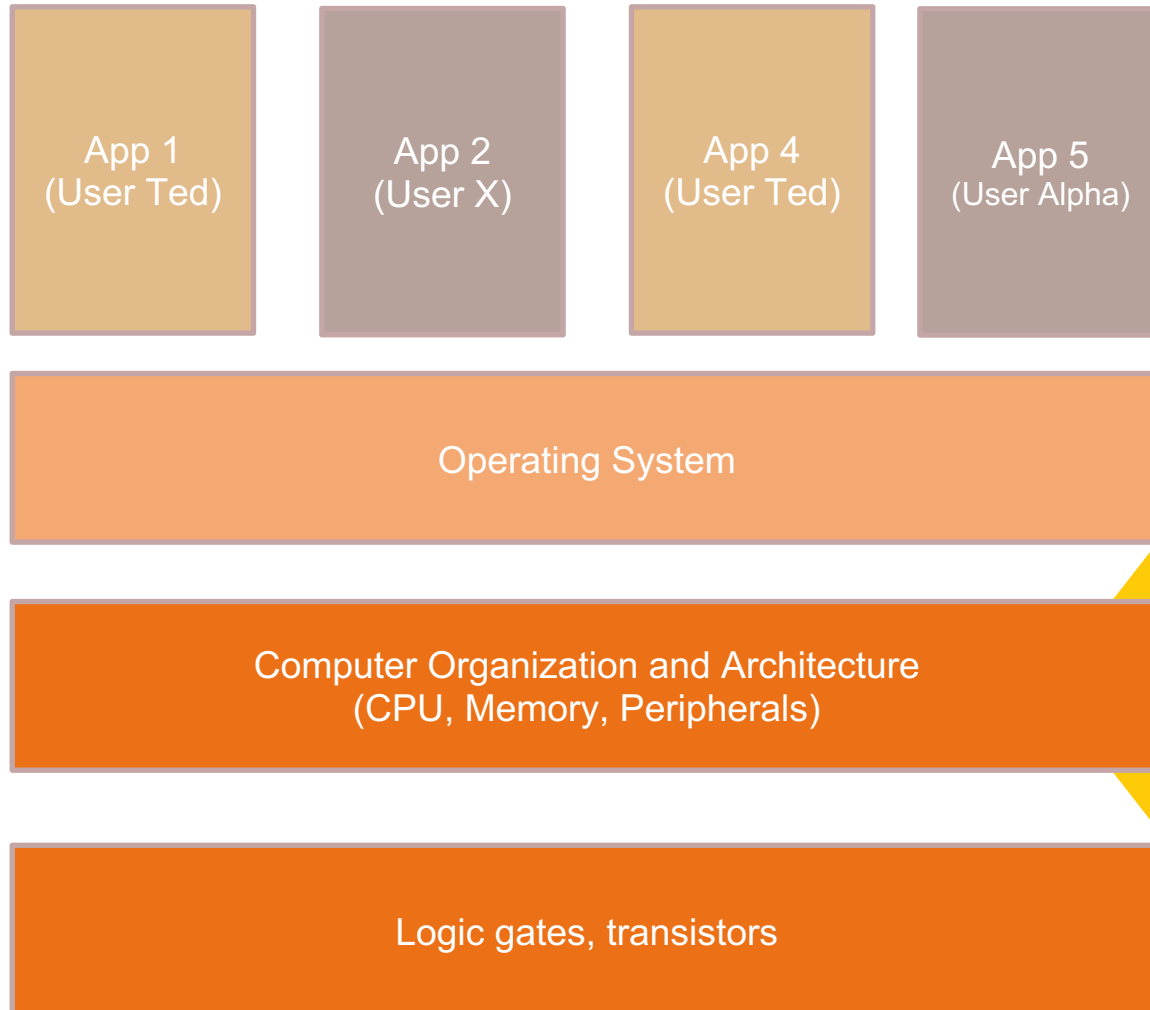

Chester Rebeiro  
Indian Institute of Technology Madras

[chester@cse.iitm.ac.in](mailto:chester@cse.iitm.ac.in)

# The Compute Stack

# The Compute Stack

# The Wish List

Fast

Energy Efficient

Program support

Security and  
Protection

Multi-user  
systems

App 1  
(User Ted)

App 2  
(User X)

App 4  
(User Ted)

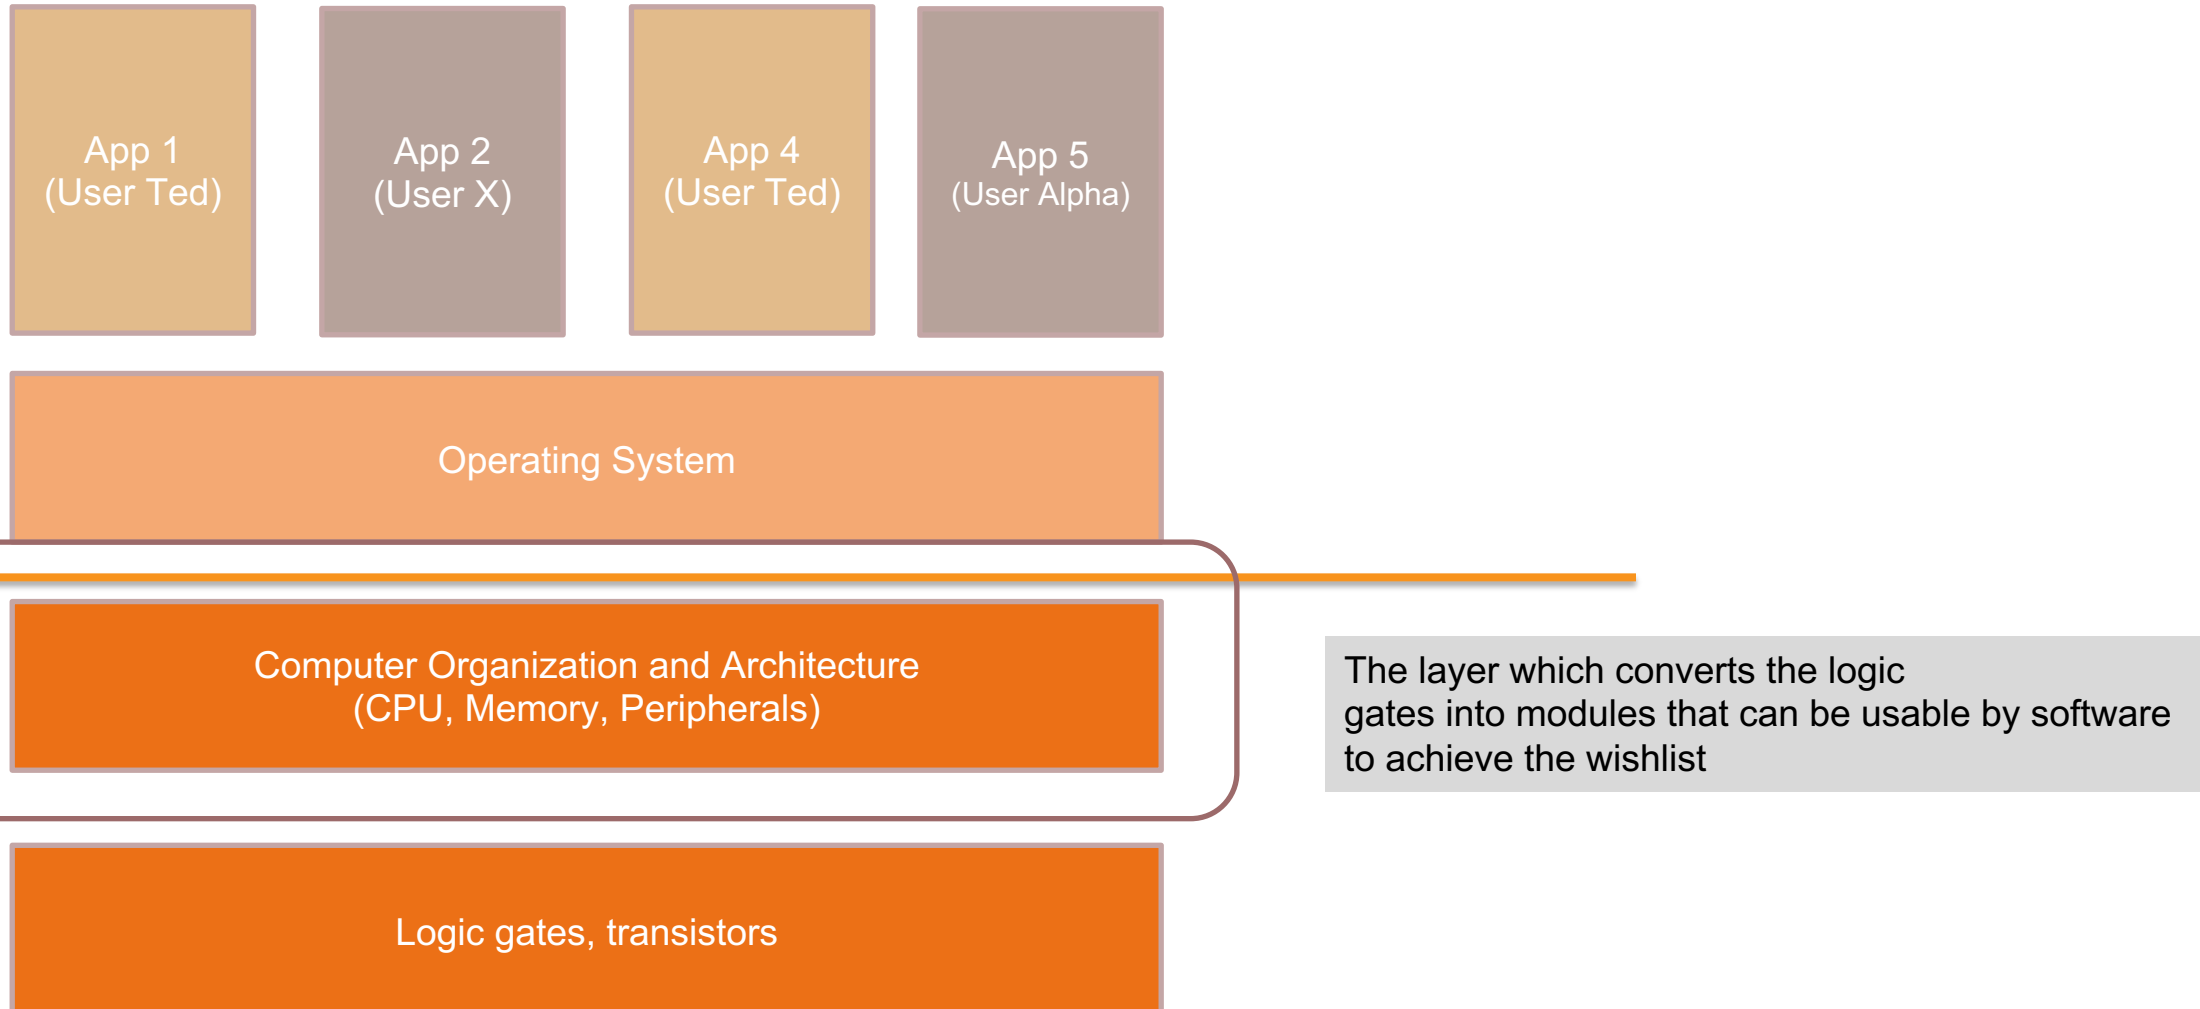

App 5  
(User Alpha)

Operating System

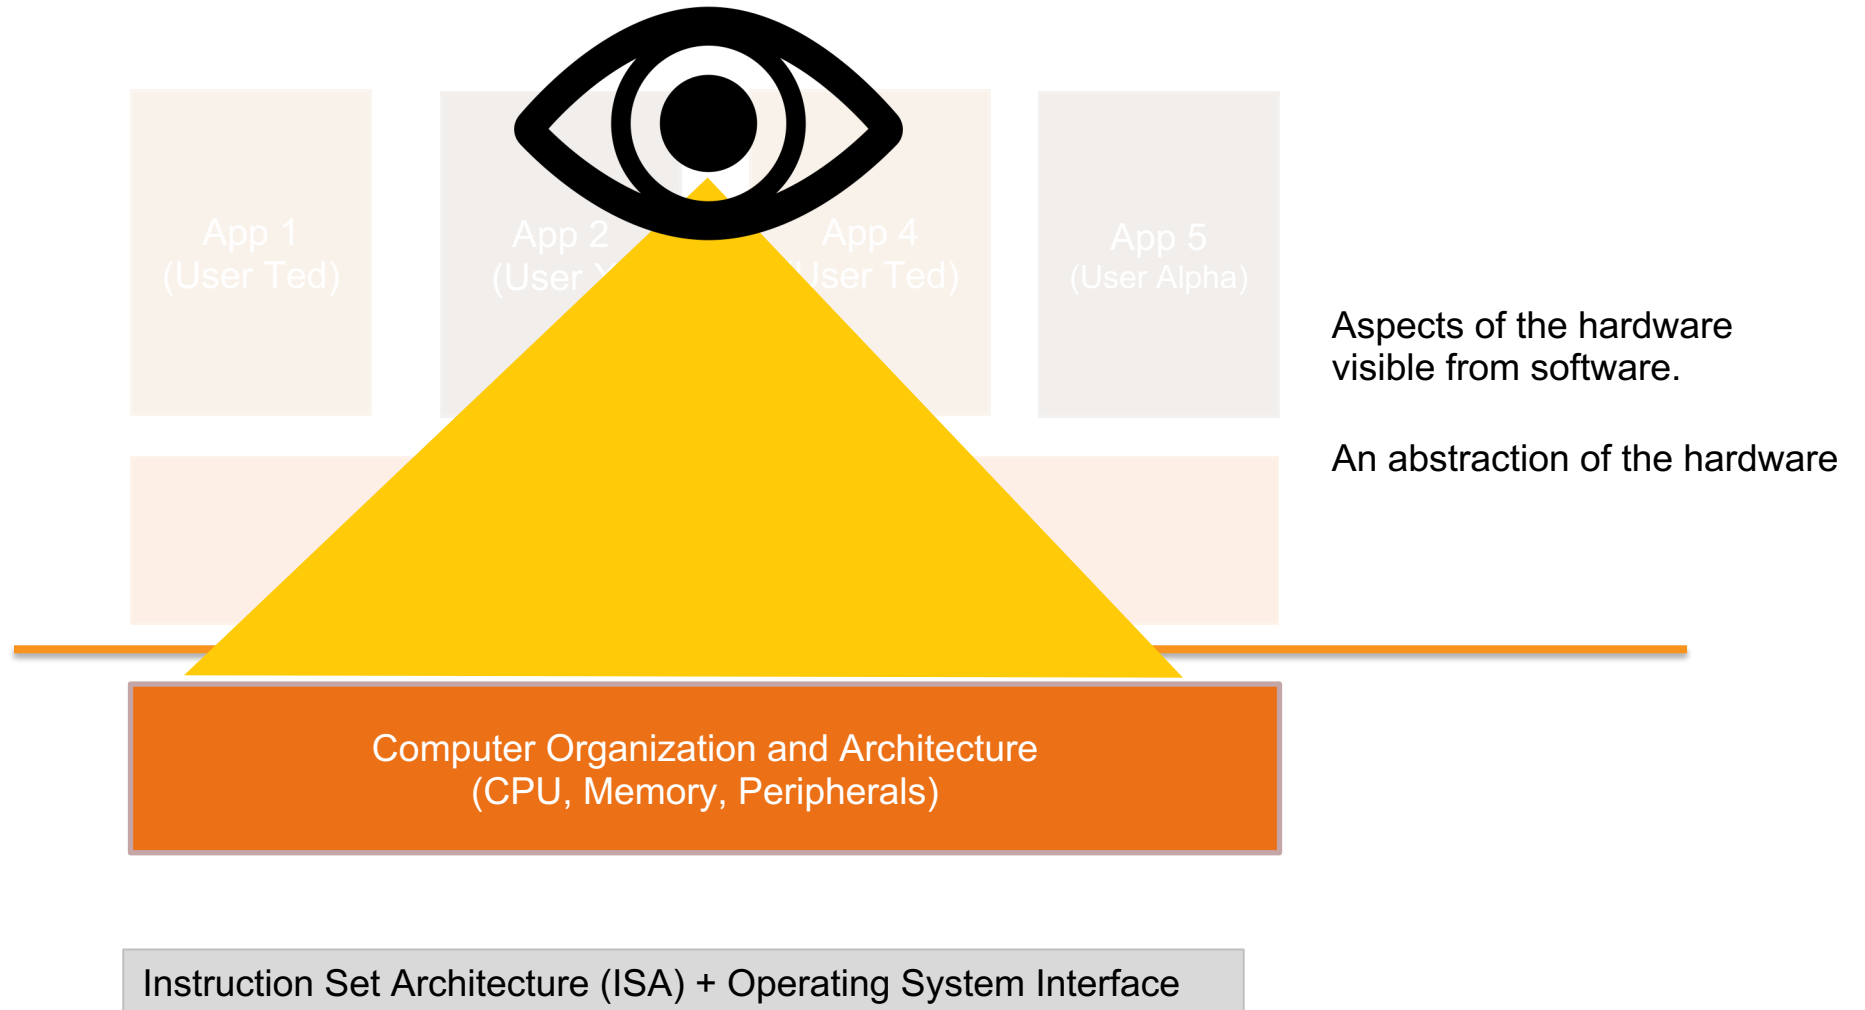

Computer Organization and Architecture  
(CPU, Memory, Peripherals)

Logic gates, transistors

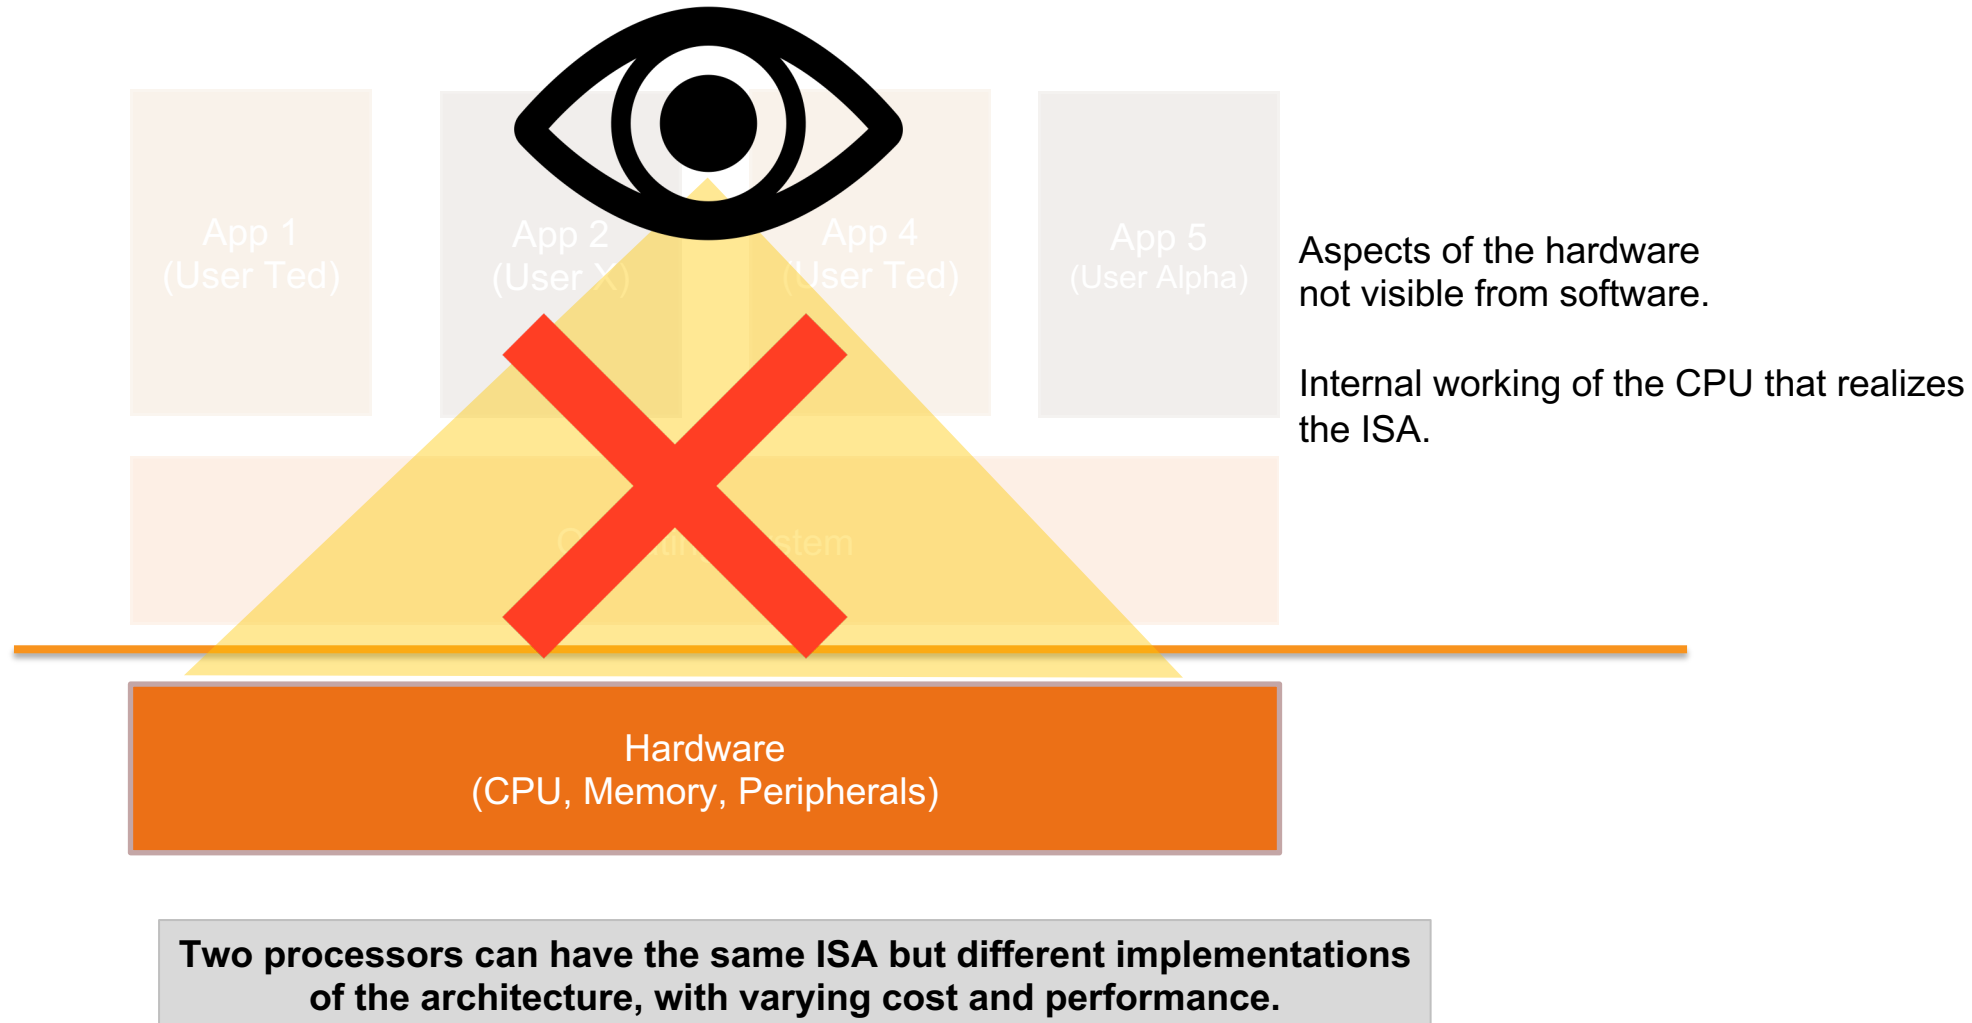

# Where does COA fit in the Compute Stack

# Computer Architecture

# Computer Organization

# Microprocessors

General Purpose

Application Specific

Many different processors, but underlying concept used is the same: Stored Program Concept

CS2600 (COA)

# Stored Program Concept

## Instruction Set

ADD, SUB, MUL, JUMP,  
CMP, JEQ, NOP,  
LOAD, STORE, MOV

Memory

## CPU

Output

# Stored Program Concept

## Instruction Set

ADD, SUB, MUL, JUMP,  
CMP, JEQ, NOP,  
LOAD, STORE, MOV

## Instructions

0	LOAD R0, (100)
1	LOAD R1, (101)
2	ADD R0, R1
3	STORE R0, (102)
4	
5	
6	
7	
8	
9	
10	
11	

## Data

100	5
101	6
102	

## Memory

## CPU

# This Course (theory and Lab)

- How does the processor support programming languages?
- How does the processor support operating systems?
- How to design a processor to improve speed and performance?
- How to design a processor to support multiple users with limited resources?
- Lab: Assembly coding, processor design / analysis

# Logistics and Grading

Website

<https://sites.google.com/cse.iitm.ac.in/cs2600-2024/home>

- Grading CS2600:
  - Quiz 1: 25 marks;
  - Quiz 2: 25 marks;
  - End Semester Exam: 40 marks
  - Tutorials: 10 marks
- Grading CS2610
  - Based on ~8 assignments

## LOGISTICS

The slides and assignments will be shared through Microsoft Teams (work or school).

Please create an account with your [gmail](#) ID and join this [team](#).

Classes will be held from 17th Jan, 2024 in Slot C at CS15 (CSE, IITM). Labs will be in P slot

- Monday : 10:00 - 10:50 AM
- Tuesday : 9:00 - 9:50 AM
- Wednesday : 8:00 - 8:50 AM
- Friday: 1:00 - 1:50PM (Tutorials)
- Labs: Monday 2:00 - 4:00 PM

# Reference Books
